

Hotels in Dublin Redesign

Leading Dublin Hotels provider Dublin Hotel Reservations.com are almost ready to launch their new updated website. The company have decided to run with a Joomla based site that is set to offer hotels in Dublin the opportunity to advertise on the site at excellent rates. It is hoped to launch the new design within the coming days and then serious SEO for the site will commence in earnest. The site already ranks on Page 1 of Google for a variety of terms including Hotels in Dublin, cheap Dublin hotels, Dublin hotels etc..but the plan is to blanket cover a wide variety of Dublin hotel associated terms.
